

Pets Home & Garden Horse

MarMax products for pets

Product overview

- Vital Max Cat – Minerals for cats
- Vital Max Dog– Minerals for dogs

Vital Max Cat CAT AKTIV

For improved animal health

Discharge of the organism

- ✓ Detoxification by pollutant binding in the digestive tract
- ✓ Less oxidative stress
- ✓ Better feed conversion
- ✓ Prevention of nutrient losses (favored calcium and magnesium supply)

Effect

- ✓ Increases vitality and fitness
- ✓ Improves metabolism and is visible in print and coat gloss
- ✓ Strengthens the natural resistance

Vital Max Dog DOG AKTIV

For improved animal health

Discharge of the organism

- ✓ Detoxification by pollutant binding in the digestive tract
- ✓ Less oxidative stress
- ✓ Better feed conversion
- ✓ Prevention of nutrient losses (favored calcium and magnesium supply)

Effect

- ✓ Increases vitality and fitness
- ✓ Improves metabolism and is visible in print and coat gloss
- ✓ Strengthens the natural resistance

MarMax products for Home & Garden

Product overview

- Soil Max – soil conditioner **Not available**
- Quattro Max –leaf fertilizer **Not available**
- Garden Fresh – fast composter
- Garden Fresh – malodour

Soil Max - soil conditioner

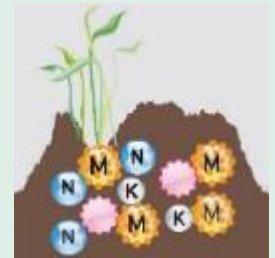

For fruits, vegetables and pot plants

Plant protection and strengthening

- ✓ Regulated soil moisture (better distribution of water)
- ✓ Protection in dry or temporary waterlogging
- ✓ Less maintenance effort
- ✓ Fast and healthy growth

Better fertilization effect

- ✓ Slow-release effect (slow, demand delivery of nutrients, no leaching of nutrients)
- ✓ Avoid over-fertilization and saving of fertilizer
- ✓ Long-term fertilization effect (lasting improvement of soil quality)

Quattro Max leaf fertilizer

For fruits, vegetables and pot plants

Plant protection and strengthening

- ✓ Quicker plant growth
- ✓ Improved rooting
- ✓ Increased stress resistance to heat and drought
- ✓ Increased resistance to herbivores and fungi
- ✓ Higher brix value and thereby better quality

Better fertilization effect

- ✓ Slow-release effect (slow, demand delivery of nutrients, no leaching of nutrients)
- ✓ Avoid over-fertilization and saving of fertilizer
- ✓ Long-term fertilization effect (lasting improvement of soil quality)

Quattro Max leaf fertilizer

For fruits, vegetables and pot plants

Magnesium

- ✓ Promotes photosynthesis. The result is juicy green leaves and improved formation of biomass.

Calcium

- ✓ Affects the cell growth and the stability of the cell walls. This especially fruiting, the fruit of property and fertility can be improved.

Silicon

- ✓ Increases the strenght of the plant structure and resistance to herbivores and fungi. Increased stress resistance of the plant.

Garden Fresh – fast composter

Odor reduction and faster composting

Faster composting and less odor

- ✓ Faster composting
- ✓ Rapid and lasting bond of odors
- ✓ All year applicable

Improved quality of compost

- ✓ Increasing the quality of compost
- ✓ Activation of microbiology

Garden Fresh – odor inhibitors

Permanent odor reduction

Less odor of kitchen waste

- ✓ No more odor
- ✓ Inhibition of bacterial and germ development
- ✓ Retaining moisture
- ✓ Keep away from pests

MarMax Products for horses

Product overview

- Max Vital – mineral Vital + Pro Digest
- Max Body – cool- and care- paste

Vital Max- Mineral Vital + Pro Digest

For compensation of nutrient losses

Discharge of the organism by

- ✓ Detoxification by pollutant binding in the digestive tract
- ✓ Less oxidative stress
- ✓ Better feed conversion
- ✓ Prevention of nutrient losses (favored calcium and magnesium supply)

Effect

- ✓ Increased vitality and fitness
- ✓ Improves metabolism and is visible in print and coat gloss
- ✓ Strengthens the natural resistance
- ✓ Shortens the regeneration phase for high performance phases

Max Body Horse Cooling paste

For long, ribbons and joints

Quick help with swelling and claimed joints

- ✓ Immediate relief of symptoms
- ✓ Cooling the horse's legs
- ✓ Rapid regeneration of tendons and joints
- ✓ Rapid recovery of the animals

100% natural effect

- ✓ Without pharmaceutical or chemical agents

Max Clean – stall hygiene

The addition for more hygiene in the house

Improved animal health

- ✓ Clean house climate and discharge of the airways by ammonia and moisture retention
- ✓ Better hoof health through drier litter
- ✓ Reduction of germs and prevention of fungal attacks

Better stable climate

- ✓ Stops the growth of fly larvae
- ✓ Adds moisture and odor

Practical use

- ✓ Up to 30% savings
- ✓ Appreciation of the manure for fertilizer recyclables
- ✓ Can be used in combination with conventional bedding material, resulting in low quantity

MarMax Mibi's – Mibi's straw pellets

The bedding for optimal house climate

Increase in animal health

- ✓ Better stall air (up to 1/3 less ammonia emissions)
- ✓ Optimal conditions for deep sleep by dry, soft lying surface
- ✓ Minimum dust exposure and protect the sensitive lung and airways (for allergy sufferers)
- ✓ Protection against thrush, hoof and respiratory diseases by binding ammonia and bacterial reduction

More economical and less effort

- ✓ Better absorbency (12x more than sawdust, 4x more than straw)
- ✓ Faster composting
- ✓ Reduced consumption (annual requirement: 1.000 kg) – only 1 m² for necessary annual requirement
- ✓ Better manure utilization by increased fertilizer value, faster decay and more disposal options (flat rent, thermal utilization, biogas, etc.) → 50% less crap!
